

## Why Become A Member?

Your tax-deductible donation helps support promotion of green building through:

- The production of the WNC Green Building Directory online and more than 25,000 copies distributed in print.
- Public education at local events and through the free Green Building Hotline, educating hundreds of people each year.
- The NC HealthyBuilt Homes green home certification program.
- Helping local governments, schools, and businesses transition to greener policies and operations.
- Combatting global climate change through our local carbon offset initiative, Appalachian Offsets.
- Facilitation of the construction of LEED Certified commercial buildings.
- Education of students on the future of green building and renewable energy technologies.

*Resulting in:  
a better world  
for all of us.*

Printed on 100% Recycled Paper

## Who is the Western North Carolina Green Building Council?

The WNC Green Building Council is a non-profit organization whose mission is to promote environmentally sustainable and health-conscious building practices through community education.

WNCGBC Goals Include:

- Educating building professionals and homeowners on environmentally friendly homes and construction techniques.
- Increasing the understanding of green building in relation to the environment and social development.
- Increasing the energy efficiency of buildings and use of alternative energy sources, thereby decreasing regional pollution.
- Decreasing our reliance on wasteful and toxic materials used in construction.
- Helping the region become a model of green building and sustainable development.
